MOCK TRIAL: Interactive Dramatization & Writing Assignment: Students will be responsible for acting one or more parts in a mock trial dramatization. Students will be assigned on one side of a Legal Team, and will write & revise legal documents - Opening Argument, Trial Point Outline, & Closing Argument.

Class Description: Welcome to the world of Business – you may not realize it, but it's all around you! When is it that your promise turns into a contract? When does a contract need to be in writing to be valid? How old must you be to make a binding contract – can a minor buy a car? What happens if you breach a contract? When do you become a nuisance - how much noise can you make at your high school graduation party without the police shutting down the party? If your baseball breaks the neighbors' window, do you legally have to pay for it? What happens to you when your dog bites someone? What happens to your dog? If you get sick from that fast food you ate, who pays for your hospital visit? What happens if someone takes you to court over these issues? What are ethical and non-ethical business practices? In this class, we will study and answer all these questions and more.

Whether you plan to own a dog, have a noisy graduation party, open your own business, buy a car, purchase a house, get into trouble ☹ ... or just want to be able to understand how to honorably operate in the world of business and everyday transactions, you will enjoy learning in this class!
